

Greg McCallum Civil Marriage Celebrant

RTG: A13258

As an experienced and **professional Marriage Celebrant** you will find me very relaxed to deal with and throughout the process of creating your **personalised ceremony** with you both, a genuine person who is contemporary, but understanding of the traditions and purpose of the **special bond of marriage**.

I will guide you both through the **application process** and assist in providing a wide range of **sample vows, symbolism, prose, readings and ceremonies**. I can also advise and assist with a wide range of music that will **enhance your ceremony**.

Having recently re-married myself and now step-father of two younger children I have a full appreciation of bringing together two families into a **blended union**.

Coming from a sporting & event management background I can assist you both in making your ceremony exceptionally memorable and with '**a point of difference**'
